DETAILED ACTION

Allowable Subject Matter

1. Claims 1-3, 5, 7-10, 13-22 and 25 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding Claim 1, the primary reason for allowance is the inclusion of the limitation wherein separately identifying an equalization target for each of a set of heads and selecting the equalization target that was identified for the most heads as the equalization target for the channel.

Regarding Claims 15 and 22, the primary reason for allowance is the inclusion of the limitation wherein adjusting the initial equalization target so that it no longer satisfies the spectral null constraint.

The reasons for allowance of Claim 14 are found in the Office Action dated 3/31/05.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure: "Spectral Null Codes" by K. A. Schouhamer and "Matched Spectral-Null Codes for Partial-Response Channels" by Karabed et al.
